Dear Sir:

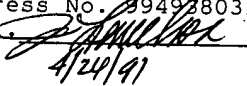

REC- 91 APR 30 P.M.
Please substitute one of the two sheets of formal drawings submitted herewith for the same drawings (FIGS. 1 to 4) as filed to permit the above identified patent application to pass to issue at an early date, it being noted that the applicant paid the issue fee and petitioned to revive the application which became inadvertently abandoned due to loss of the file wrapper which has just been returned by the USPTO to applicant.

Respectfully submitted,

Jerome H. Lemelson
Applicant

CERTIFICATE OF MAILING
